**Displaced Persons:** No

### CURRENT SITUATION

*(Recent updates are posted at the top of Current Situation)*

The City of Riverside Fire Department responded to the 3000 block of Panorama Road for reports of a structure fire at the Rockledge Apartment Complex. The first arriving fire engine discovered a vegetation fire to the rear of the apartment complex with power lines down and power off to several apartments. There were numerous residents of the apartment complex walking in and around the down power lines. Firefighter efforts were hampered by the residents walking around the live lines who had to be escorted out. The fire was contained to 1/8 acre and RPD along with RPU Utilities were requested with a high priority to assist. Firefighters had discovered a large tree branch had fallen breaking several utility transmission lines to the apartment complex. Firefighters utilized flagging caution tape and isolated the areas with the live power lines. RPU arrived on scene and had to de-energize several apartments to work on the down power lines. Residents were estimated to be without power from 4 to 8 hours through the night. A total of 17 firefighters responded to the incident.
